

Finance for Non-Financial Managers

 Duration: 1 to 2 days  Maximum group size: 12 people

Course overview

This course is for managers who want to develop their basic financial knowledge and understanding. Delegates will learn about profit and loss, balance sheets, cash flow and forecasting by reviewing 'real' financial reports and in-turn recognise the part they can play in improving the financial position of the business.

Delivery methodology

Futureproof's training workshops require all delegates to take a full and active role throughout. Our mix of trainer led discussion, facilitation, coaching and skills practice ensures that all delegates enjoy an interactive and supportive learning experience.

Who would benefit from attending?

Those who have no previous financial training and who want to learn the fundamentals of managing business finance.

Core development objectives covered

- How effective finance management can benefit the business
- Understanding financial jargon & phrases
- Profit, cash flow & the balance sheet
- The importance of a healthy cash-flow position
- Understanding & managing business cost
- Variable & fixed costs
- Calculating break-even point
- Financial planning ~ forecasting & budgeting
- Understanding the need to financially appraise capital expenditure projects
- Making informed decisions using financial data

Want to tailor the content of this workshop and incorporate internal procedures, competency framework, organisational values & work-related challenges?
